*To be used in conjunction with a healthy diet and daily exercise.

MANGOSTEEN SUPERFRUIT POWER:

Whole fruit mangosteen is a storehouse of essential vitamins and minerals. A rare super fruit primarily found in Southeast Asia, it has been hailed as the “Queen of Fruits” and has been used for centuries by Asian health practitioners for a variety of conditions.*

Scientists champion the mangosteen for its abundant phytonutrients called xanthenes. Xanthenes are a biologically active phytonutrient that contain very potent antioxidant properties. Of all the known sources for xanthenes the mangosteen supplies some of the highest amounts found in nature.

The entire mangosteen fruit, including the pericarp (rind) and pulp, is utilized during Vemma’s proprietary extraction process. This intricate method helps ensure that the highest levels of xanthenes and other phytonutrients are included in the Vemma formula.

THE SCIENCE OF MINERALS:

Your physical well-being can be more directly dependent upon the minerals you take into your body than almost any other factor. Minerals help support the organs, bones and the immune system.* Vemma has a unique mineral blend to help enhance your overall health.* It contains 100% ionic, life-giving minerals that are reduced to the smallest, most bioavailable form. Vemma’s minerals are sourced from plant vegetation that has been undisturbed for thousands of years. These unprocessed phytonutrients include over 65 major, trace and ultra-trace, plant-sourced minerals.

- The body cannot survive without nature’s fundamental minerals, yet it cannot manufacture minerals. They must be obtained from the diet or through supplementation.
- Modern-day diets may lack the appropriate balance of minerals due to mineral-depleted soils and over-processed foods.
- Minerals are needed for energy production, protection from free-radical damage and other vital functions.*
- Minerals provide a foundation for your optimal health.*

PRODUCT USAGE:

Vemma Bod•ē Burn 8-oz Can

Shake gently and serve cold. Drink one serving for a protein snack when desired. If you are pregnant or nursing, or have a medical condition, consult your healthcare professional before using this or any other dietary supplement. Discontinue if allergic reaction occurs.

VEVMA BOD•Ē BURN TARGET MARKET:

Vemma Bod•ē Burn is intended for individuals who are seeking a convenient and results driven product that supports healthy weight management.** It helps boost metabolism, and curb the appetite while providing nutritional support and increased energy.**

FREQUENTLY ASKED QUESTIONS:

Bod•ē Burn Questions

Why should I take Bod•ē Burn?

Bod•ē Burn may be the right choice for you if you are seeking a healthy weight solution to help manage and achieve a healthy weight for your body type, while receiving the supplementation support your body needs.*

Can I take Bod•ē Burn daily?

Yes, the product can be consumed daily, as directed on the product label.

Where does the caffeine content in Bod•ē Burn come from?

Bod•ē Burn yields the equivalent of 100mg of caffeine, along with energy support from EGCG.* The caffeine is naturally-derived from the coffee bean and is equivalent to about one and a half cups of coffee. We chose to use this source of caffeine since it is a naturally-derived ingredient that is most compatible with the formula and flavor of Bod•ē Burn.

Is caffeine bad for me?

Some people are sensitive to caffeine; but in moderate doses, it may benefit people interested in enhanced mood and athletic performance.*

What are antioxidants?

Antioxidants are substances found in nature that may protect cells from the damage caused by unstable molecules known as free radicals.* Free radicals are a by-product of overexercise, stress, and exposure to dirty air and other environmental pollutants. Bod•ē Burn contains Vitamins A, C and E, and selenium: ingredients that possess antioxidant properties and may help fight free radicals in your body.*

What are xanthenes?

Bod•ē Burn contains xanthenes, which are natural phytonutrients found in the mangosteen fruit that work to help protect your body.*

Where do the phytonutrient-rich antioxidants in Bod•ē Burn come from?

They come from the xanthone-rich mangosteen fruit, organic glyconutrient-rich aloe vera and organic green tea. Phytonutrients are plant compounds, which are thought to possess beneficial qualities.*

Which minerals are included in the Vemma mineral blend?

The Vemma formula contains over 65 major, trace and ultra-trace minerals. Because we source our minerals from naturally occurring vegetation, the level of individual minerals may vary slightly from batch to batch. The Vemma formula proprietary mineral blend contains the following minerals:

Carbon (Organic), Calcium, Sodium, Sulfur, Magnesium, Chloride, Bromide, Fluorine, Iodine, Potassium, Niobium, Aluminum, Iron, Phosphorus, Silica, Manganese, Boron, Strontium, Titanium, Tungsten, Copper, Zinc, Tin, Zirconium, Molybdenum, Vanadium, Chromium, Selenium, Nickel, Cobalt, Lithium, Gallium, Barium, Yttrium, Neodymium, Hafnium, Cadmium, Thorium, Antimony, Cerium, Tellurium, Beryllium, Samarium, Dysprosium, Erbium, Bismuth, Gadolinium, Cesium, Lanthanum, Praseodymium, Europium, Lutetium, Terbium, Ytterbium, Holmium, Thallium, Thulium, Tantalum, Germanium, Gold, Platinum, Rhodium, Rubidium, Ruthenium, Scandium, Silver and Indium.

Is it necessary to take a multivitamin if I am taking Bod•ē Burn?

Bod•ē Burn contains a 1/2 serving of the Vemma formula. We recommend one serving of Bod•ē Burn per day, which is half of the recommended daily serving of the Vemma formula. We suggest consulting with your healthcare provider if you have additional questions regarding your specific regimen.

What is the sweetener used in Bod•ē Burn and why did you choose that source?

Bod•ē Burn is sweetened with a combination of organic cane sugar and sucralose.

After extensive research and testing during the product development phase, organic cane sugar and sucralose were chosen as the best alternative sweeteners for these products. Many of the other noncalorie sweeteners did not meet our criteria for compatibility with Bod•ē Burn. The use of premium ingredients, formula efficacy and flavor in the Vemma products are our highest priorities. Vemma Research and Development thoroughly reviews scientific data for all potential ingredients.

Some will tell you that organic cane sugar is considered one of the healthiest alternatives to refined sugar. While both sweeteners are derived from sugar cane, organic cane sugar does not undergo the same degree of processing as refined sugar. Therefore, unlike refined sugar, organic cane sugar retains more of the nutrients found in natural sugar cane.

Sucralose is derived from natural cane sugar through a multistep manufacturing process that selectively removes hydrogen-oxygen groups from the sugar molecule and replaces them with chlorine atoms. Chlorine is a naturally occurring substance that is found in vegetation and even table salt. Current scientific data supports that sucralose is safe and does not affect insulin levels. The use of sucralose is well documented in numerous scientific studies conducted over a 20-year period. It is approved for use in over 80 countries and deemed appropriate for use by all consumers by such health authorities as the World Health Organization (WHO), U.S. Food and Drug Administration (FDA) and the European Food Safety Authority (EFSA).

How is Bod•ē Burn manufactured?

Bod•ē Burn is made at a facility that meets FDA manufacturing standards called Good Manufacturing Practices (GMP). This ensures our product meets the highest quality possible. Bod•ē Burn is manufactured using a special proprietary process to protect the delicate balance of vitamins, minerals and phytonutrients right up to the moment of consumption. Bod•ē Burn processing and packaging are designed to protect the formula's nutrient balance, as well.

Can I take Bod•ē Burn if I have a health condition or am taking medication?

As with any dietary supplement, we recommend checking with your healthcare professional before taking Bod•ē Burn if you have a medical condition or in conjunction with prescription drugs and over-the-counter medications.

Is Bod•ē Burn backed by a guarantee?

We are confident you are going to love Bod•ē Burn and all Vemma products. However, if you are not completely satisfied, we offer a 30-day, product guarantee (shipping and handling is non-refundable). Our return policy is available at Vemma.com.

Does Bod•ē Burn contain any restricted substances, narcotics or alcohol?

No, the Vemma Bod•ē products do not contain any restricted substances, narcotics or alcohol.

Can I use Bod•ē Burn for any uses other than as a weight management solution?

Yes! You may take Bod•ē Burn as a workout recovery beverage or if you are seeking a boost of protein in your nutritional regimen.*

What are the products in the Vemma Bod•ē brand?

Vemma Bod•ē is a healthy weight management solution comprised of result-oriented products that have a unique formula including:

- Bod•ē Shake — A nutrient-dense meal replacement designed to feed your body's 63 trillion cells the perfect balance of protein, carbohydrates and healthy fats, to transform and achieve a healthy weight.*†
