13. NOTICES AND PROCEDURE FOR MAKING CLAIMS OF COPYRIGHT INFRINGEMENT

INFRINGEMENT
It is our policy to expeditiously respond to clear notices of alleged copyright infringement that comply with the United States Digital Millennium Copyright Act ("DMCA"). This policy describes the information that should be present in these notices. It is designed to make submitting notices of alleged infringement to Vemma as straightforward as possible while reducing notices received that are fraudulent or difficult to understand or verify. The form of notice specified below is consistent with the form suggested by the DMCA (the text of which can be found at the U.S. Copyright Office Web Site, http://www.copyright.gov), but we will respond to notices of this form from other jurisdictions as well.

It is expected that all users of any part of Vemma sites will comply with applicable copyright laws. If, however, we receive proper notification of claimed copyright infringement, our response to such notices will include removing or disabling access to material claimed to be the subject of infringing activity, regardless of whether we may be liable for such infringement under United States law or the laws of another jurisdiction.

If we remove or disable access in response to such a notice, we will make a good faith attempt to contact the owner of the affected content so that they may make a counter notification pursuant to Sections 512(g)(2) and (3) of the DMCA. We may also document notices of alleged infringement on which we act.
